WORK EXPERIENCE

SOFTWARE DEVELOPER – AHASOLAR TECHNOLOGIES LTD. – 21/08/2023 – Current – AHMEDABAD, INDIA

Website: <https://www.ahasolar.in/>

Designed and maintained modular, reusable, and scalable backend features in Laravel.

Successfully integrated critical third-party APIs such as payment gateways, messaging services, and data analytics tools.

Collaborated closely with mobile development teams to ensure API standardization and compatibility across platforms.

Developed robust backend services for the AhaSolar 2.0 project using Node.js.

Implemented and optimized MySQL stored procedures and database queries, improving overall system performance.

LARAVEL DEVELOPER – KANHASOFT – 01/03/2023 – 31/07/2023 – AHMEDABAD, INDIA

Handled the complete backend architecture for Misuma App, a productivity and task management tool.

Designed and implemented secure APIs, achieving high performance and ensuring data protection standards were met.

Improved API response times by introducing asynchronous processing and caching strategies.

LARAVEL DEVELOPER – MULTIQOS TECHNOLOGIES – 10/01/2022 – 24/02/2023 – AHMEDABAD, INDIA

Developed user-friendly mobile APIs and comprehensive admin panels for various client projects and NGOs.

Implemented secure APIs for efficient content and lead management systems.

Collaborated closely with frontend and QA teams, resulting in seamless application delivery.

PHP DEVELOPER – XCEPTIVE SOLUTIONS – 01/10/2020 – 31/12/2021 – AHMEDABAD, INDIA

Developed and maintained internal web applications, including attendance and forex trading modules.

Gained solid experience in the full development lifecycle, encompassing planning, coding, testing, and deployment.

EDUCATION AND TRAINING

01/07/2020 – 01/04/2026 Himmatnagar, India

BACHELOR OF COMPUTER APPLICATIONS Hemchandracharya North Gujarat University

Final grade CGPA: 8.2 / 10 | **Level in EQF** EQF level 6

LANGUAGE SKILLS

Mother tongue(s): **GUJARATI**

Other language(s): **ENGLISH** | **HINDI**
